PP Loop Pile Broadloom Carpet

Blue

Blue brings a subtle sense of calm and concentration to office spaces. Commonly used in work zones, meeting rooms, and creative departments, this colour supports productivity while adding a touch of modern elegance. Blue pairs well with neutral furniture and glass partitions.

PP Loop Pile Broadloom Carpet

Charcoal

Charcoal provides a strong, sophisticated character to office interiors. It is particularly suitable for high-traffic areas such as corridors, executive cabins, and conference rooms due to its excellent ability to conceal wear. This shade adds depth and contrast while maintaining a professional and premium feel.

CL 06 - Rust

Rust

CRYSTAL
PP Loop Pile Broadloom Carpet

Rust offers a warm, earthy tone that adds character and uniqueness to office spaces. It works well in breakout areas, informal meeting zones, or modern offices looking to blend professionalism with creative expression.

Red

Red adds controlled energy and visual impact to office interiors. Best suited for breakout zones, collaborative areas, or feature sections, it introduces vibrancy without compromising professionalism. Red is often chosen to stimulate interaction and creativity in dynamic work environments.

CL 04 - Red

Beige

CRYSTAL
PP Loop Pile Broadloom Carpet

Beige brings warmth and balance to office interiors, creating a calm and welcoming atmosphere. It works especially well in open offices and client-facing areas, helping spaces feel brighter and more spacious while maintaining a professional appearance.
